

My name is Sherry Copenhaver. I have been married to Jerry for 52 years. We have 2 children and 3 grandchildren.

It has been my pleasure to be a board member for the last 6 years.

My goal as a board member is to do everything possible to keep the Manor open today and in the future for people in the area and also to have a great place for our employees to work. I want to continue to make improvements and updates to the facility for our residents and families who call it home.

I want to continue to be a part of hiring more outstanding employees who care for our residents on a daily bases. We have a great and caring team, this is something I am very proud of. Thank you for your consideration.
